## Headache

Horsford's Acid Phosphate

This preparation by its action in promoting diges-  
tion, and as a nerve food,  
tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

Descriptive pamphlet free on application to  
Rumford Chemical Works, Providence, R.I.

Beware of Substitutes and Imitations.

For sale by all Druggists.

## Summer Music.

At the seashore or country, during vacation, good music will  
enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal  
terms. Our stock is large and varied, allowing you the *great*  
*advantage of choice.* Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

*Pianos rented now, held free of charge until*  
*date of shipment.*

## Pianos to rent.

## OLIVER DITSON COMPANY,

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
*Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## Summer Music.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

**CHICKERING & SONS AND OTHERS.**

Many of these are new; all of them are in good condition.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

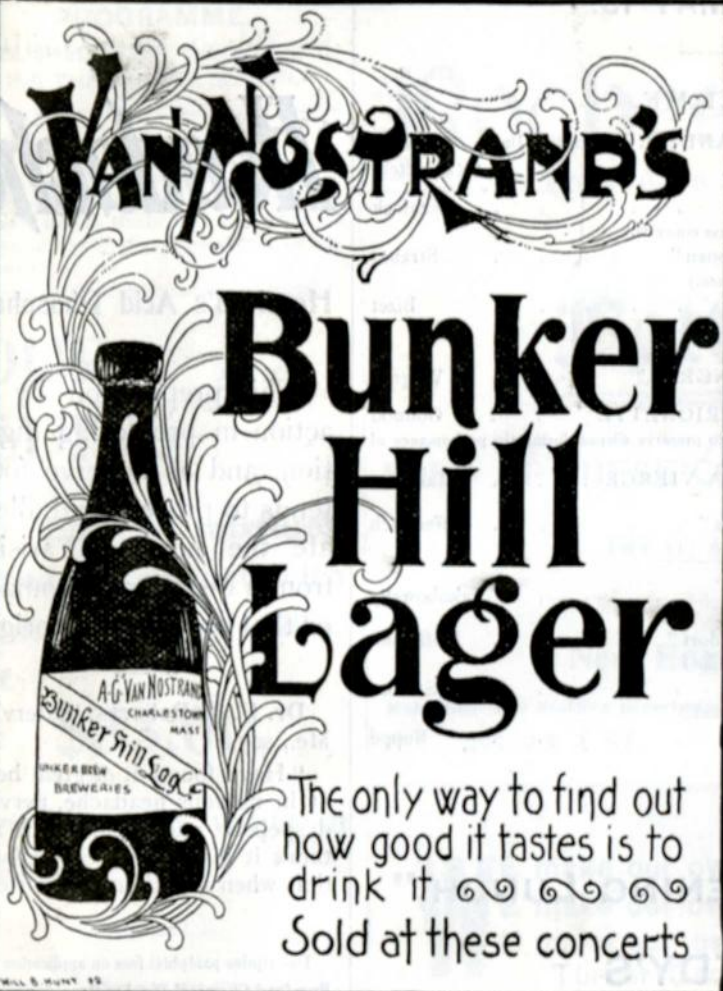

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

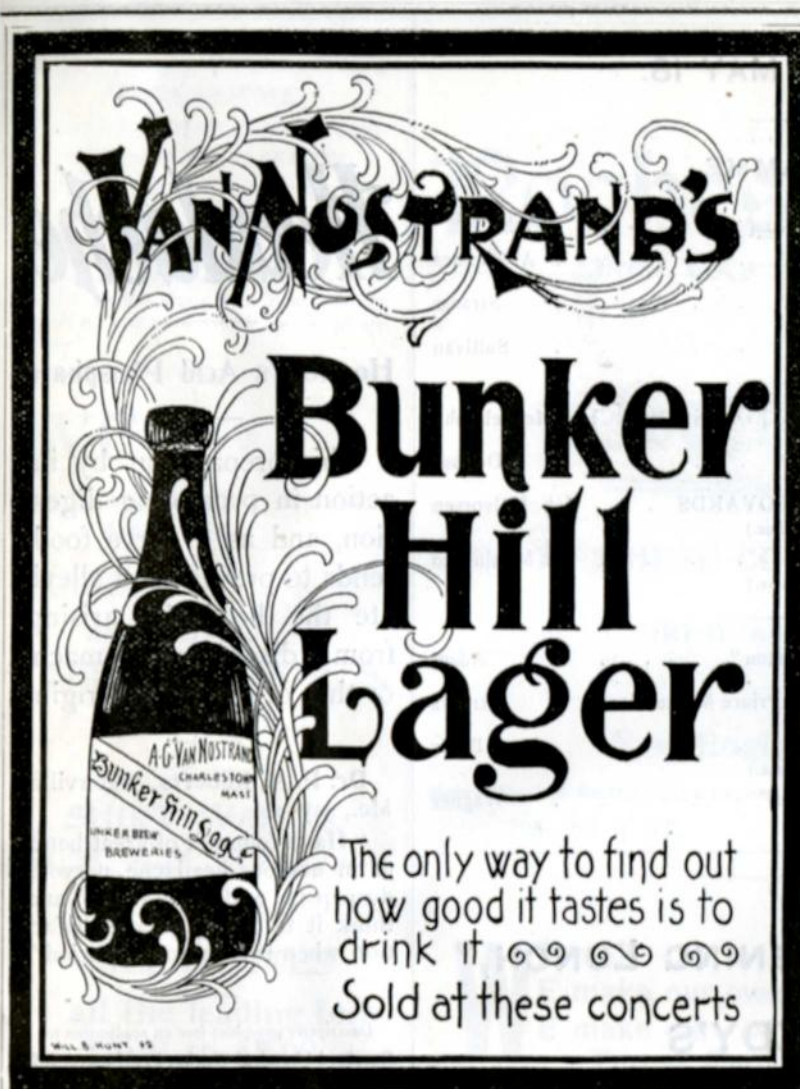

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

# THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

# Headache

## Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

Descriptive pamphlet free on application to  
Rumford Chemical Works, Providence, R.I.

# Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

# THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

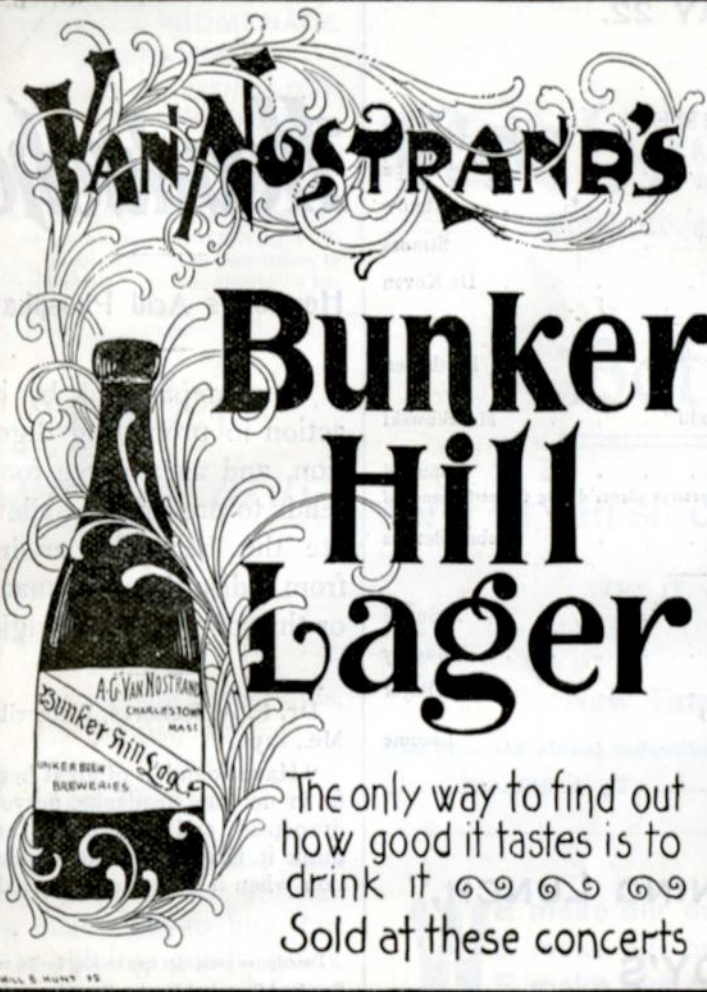

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

Pianos rented now, held free of charge until date of shipment.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and *NOT* of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

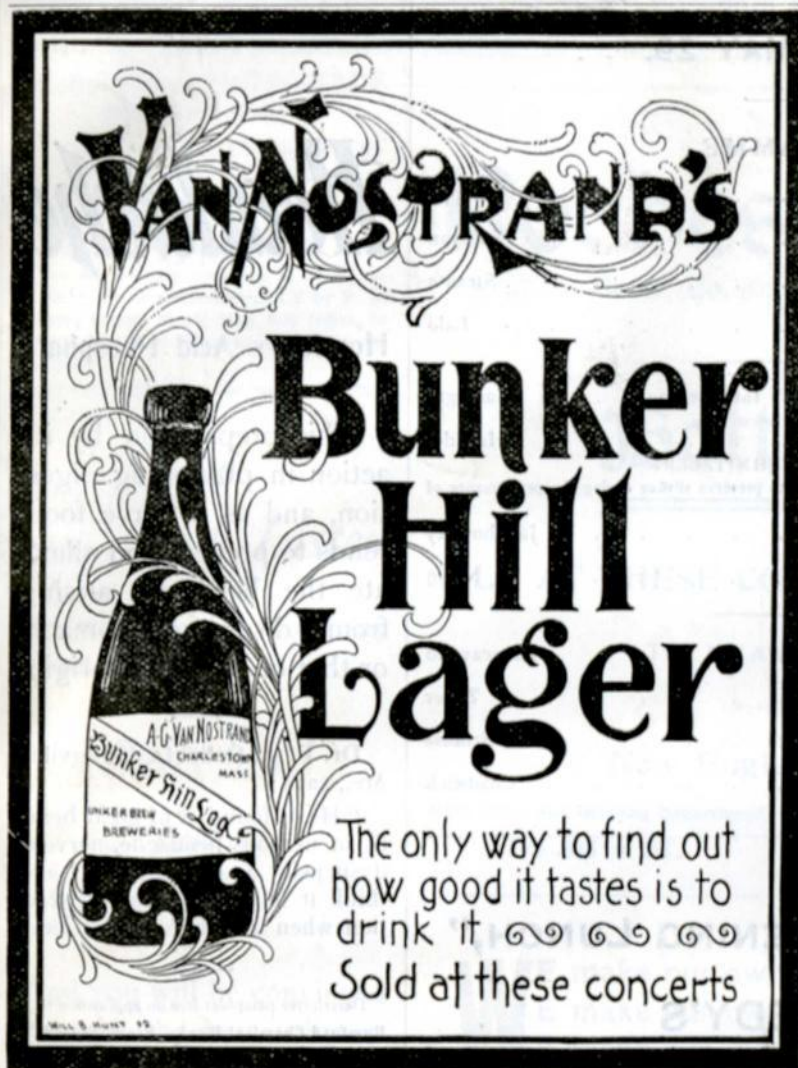

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and not of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

## Headache

Horsford's Acid Phosphate

This preparation by its action in promoting diges-  
tion, and as a nerve food,  
tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will  
enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal  
terms. Our stock is large and varied, allowing you the *great*  
*advantage of choice.* Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
*Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.

### Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

## THE SUPERIORITY

# OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its  
action in promoting diges-

tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

*advantage of choice.* Included are the pianos of

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
*Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

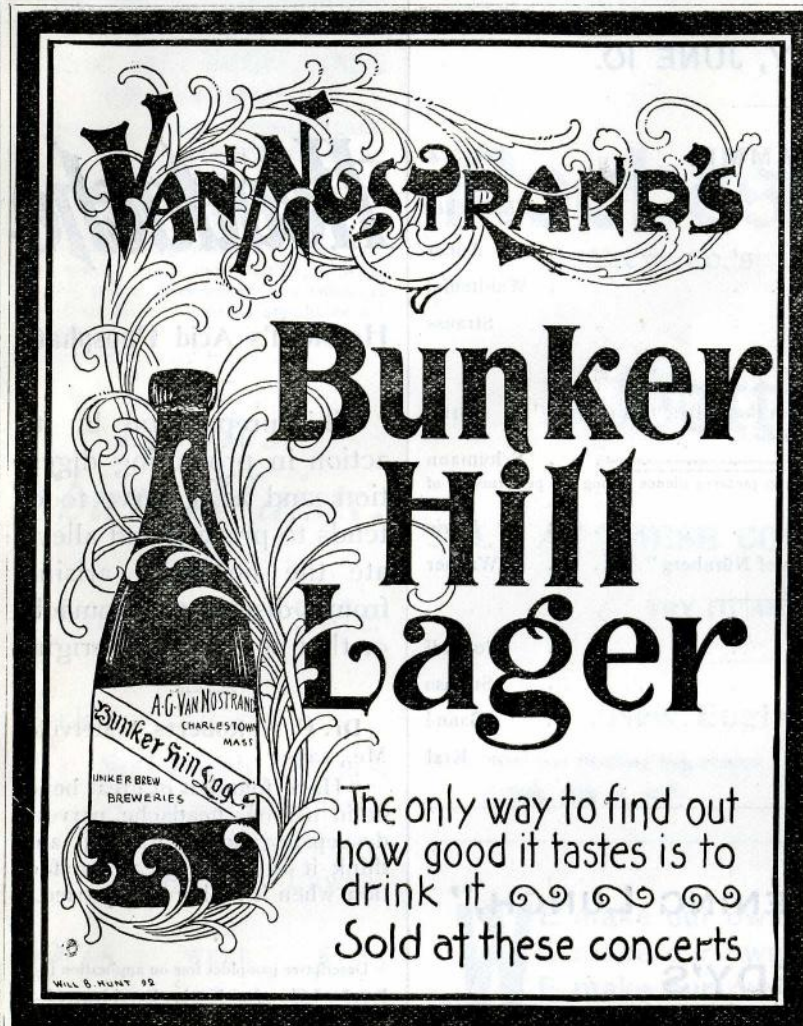

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

### Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## THE SUPERIORITY

OF  
THE

## SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and *NOT* of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## Headache

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## Headache

### Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

### CHICKERING & SONS AND OTHERS.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its action in promoting diges-

tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will  
enliven the evenings; and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal  
terms. Our stock is large and varied, allowing you the *great*  
*advantage of choice.* Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
Key-board as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

## Headache

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

Descriptive pamphlet free on application to Rumford Chemical Works, Providence, R.I. Beware of Substitutes and Imitations.

For sale by all Druggists.

## Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

*Pianos rented now, held free of charge until date of shipment.*

Pianos to rent.

OLIVER DITSON COMPANY,

453-463 WASHINGTON STREET (Take Elevator),

BOSTON, MASS.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reeby* quality, gives an instrument which has the effect of the *Finest Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

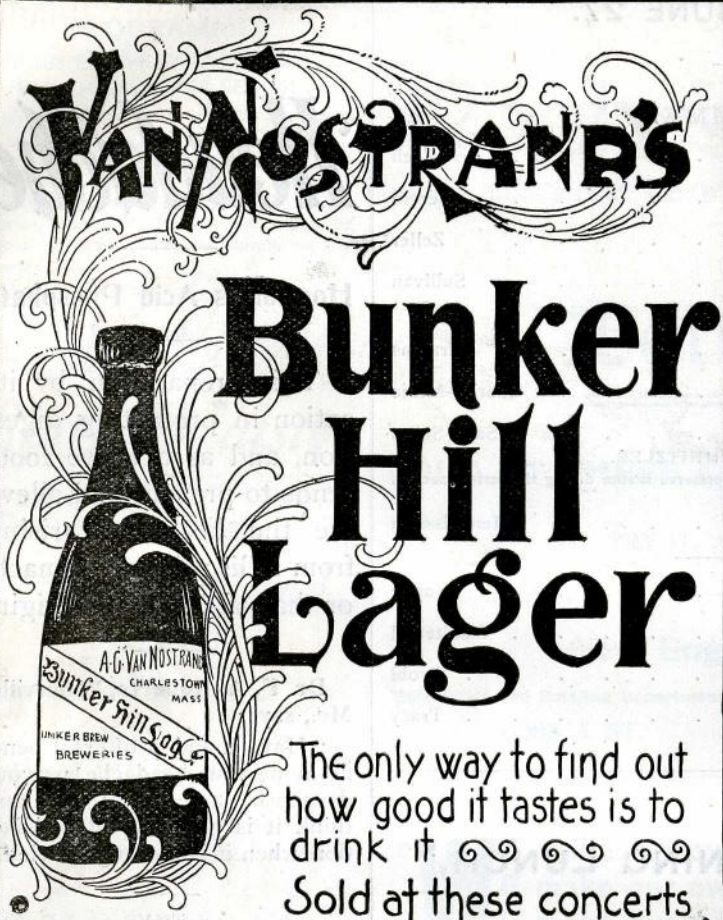

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

### Horsford's Acid Phosphate

This preparation by its action in promoting diges-  
tion, and as a nerve food,  
tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will  
enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal

*advantage of choice.* Included are the pianos of

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
*Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says:

"Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal terms. Our stock is large and varied, allowing you the *great advantage of choice*. Included are the pianos of

CHICKERING & SONS AND OTHERS.

Many of these are new; all of them are in good condition.

*Pianos rented now, held free of charge until date of shipment.*

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you pay for, as it is the only one where you can use *every* and all sets of reeds for the automatic part, and also where you play upon the *Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all others, does away with the coarse *reedy* quality, gives an instrument which has the effect of the *First Orchestra* and NOT of the *Brass Band*.

Symphonies and overtures, as well as lighter music, played upon this wonderful instrument, bring delight to both the player and listener.

We do not ask you to believe this because we tell you; but, after you have heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own programmes.

Horsford's Acid Phosphate

This preparation by its  
action in promoting diges-  
tion, and as a nerve food,  
tends to prevent and allevi-  
ate the headache arising  
from a disordered stomach,  
or that of a nervous origin.

Dr. F. A. Roberts, Waterville,  
Me., says:

"Have found it of great bene-  
fit in nervous headache, nervous  
dyspepsia and neuralgia; and  
think it is giving great satisfac-  
tion when it is thoroughly tried."

## Summer Music.

At the seashore or country, during vacation, good music will  
enliven the evenings, and act as a charm on rainy days.

We rent pianos for the seashore or country on very liberal  
terms. Our stock is large and varied, allowing you the *great*  
*advantage of choice.* Included are the pianos of

**CHICKERING & SONS AND OTHERS.**

Many of these are new; all of them are in good condition.

## THE SUPERIORITY OF THE SYMPHONY

over all other instruments is manifest.

It is the only self-playing organ in which you get all that you  
pay for, as it is the only one where you can use *every* and all sets  
of reeds for the automatic part, and also where you play upon the  
*Key-board* as on an organ.

This, in connection with a *pure musical tone*, which, unlike all  
others, does away with the coarse *reedy* quality, gives an instru-  
ment which has the effect of the *Finest Orchestra* and NOT of the  
*Brass Band*.

Symphonies and overtures, as well as lighter music, played  
upon this wonderful instrument, bring delight to both the player  
and listener.

We do not ask you to believe this because we tell you; but, after you have  
heard the others, come and hear the Symphony, and judge for yourself.

Free recitals daily from ten to five, and you select your own  
programmes.
